

**Bernhard Nocht Institute for Tropical Medicine (BNI) and
Centre for international Migration (CIM)**

offer the position of a

Head of Laboratory / Laboratory Manager (m/w)

at the Kumasi Centre for Collaborative Research in Tropical Medicine (KCCR) in Ghana. KCCR is a joint venture of the Ghanaian Ministry of Health, the University of Kumasi and the BNI. The centre acts as a research platform for international biomedical research projects. KCCR is located in the Science Park of Kwame Nkrumah University campus and offers state-of-the-art laboratories (www.kccr-ghana.org).

We are seeking a physician or biologist (post-doc level or higher) with pedagogic aptitude and excellent command of the English language. The KCCR laboratory manager is expected to conduct and supervise competitive research projects at KCCR and to train Ghanaian students and postgraduates in modern biomedical methods (ELISA, PCR).

The position is at first limited for a period of two years with the possibility of prolongation and an attractive allowance.
